May 2008

Dear George,

When you first suggested having a Sunday brunch for our Engagement party, we really were didn't think it was such a great idea. After talking it over, we decided that it would really give us a lot more flexibility... More of our family and friends were available on a Sunday morning and it would be easier to get a DJ etc. Well, we have to tell you, what an amazing party it was! Everyone was thrilled at the prospect of spending a lazy Sunday relaxing and catching up, and because it was during the day, we were able to invite all the kids too. Your "activities director" Lisa, did a great job of keeping all the kids entertained and Tony the DJ was perfect. The true highlight of the day was the buffet! I've never seen such a variety of foods where everything was delicious! Usually, one or two things are good, and the rest, well you know... My family couldn't get over the waffles, omelet station and the carving chef. The chocolate fountain was soooo good! In all honesty, I am going to have a hard time planning a wedding that will top the job you did! Maybe we will take you up on your offer, and have it in the yard at my Father in Laws house! You've convinced me that you could do a professional job with nothing more than a big lawn to start with! Well, I'm sure we will be talking to you again soon...and please tell my Mom that she has to get a chocolate fountain for my bridal shower too!! Thanks again for everything...we will never forget what a great affair it was!

Very Truly Yours,
